

CONSTRUCTION ALERT

State Route 210 ... Safety: It's No Accident

San Bernardino Associated Governments ■ 1170 W. Third Street, 2nd Floor, San Bernardino, CA 92410
For questions, call the State Route 210 project helpline: 1-866-HELP-210 or visit www.sanbag.ca.gov

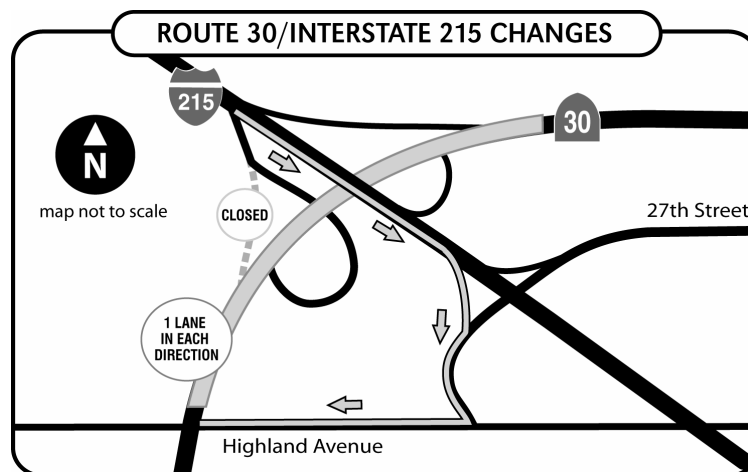

March 8, 2005

Construction of the new State Route 210 near the Interstate 215/Route 30 interchange in San Bernardino will require temporary ramp closures, lane reductions and detours during the next 18 months. This construction activity will require:

- Closure of the southbound Interstate 215 ramp to West Highland/Route 30, starting March 13 at 10 p.m. This closure will remain in place for the next 18 months. Drivers should continue south on I-215 to the next exit at 27th Street, and use this exit and continue south to reach West Highland Avenue/Route 30.
- Reduction of lanes on Route 30 both east and west of the interchange with I-215, starting March 23 at 10 p.m. One eastbound lane and one westbound lane will be closed, which will cause traffic delays, especially during peak travel hours. These lane reductions will be in place for about 18 months.
- Future closure of the loop ramps connecting Route 30 and I-215 (the southbound I-215 ramp to the eastbound Route 30, and the eastbound Route 30 ramp to the northbound I-215). The closure of these ramps will be for selected weeks, but these weeks have not been defined yet. Signs will be posted to alert drivers of the start date of these ramp closures and how long the closures will last.

Please review and save the map below for reference. Dates are based on current construction schedules and may change due to weather or other unexpected delays.

For more information, call the Route 210 toll-free helpline at 1-866-HELP-210. SANBAG and Caltrans appreciate your patience during construction of this new freeway. Please allow extra travel time, follow signs and posted detours, and drive carefully through construction zones.

Please call the Route 210 Helpline for any special access needs you might have or anticipate during construction. If any contractors, machinery or work directly impact your business, please let the construction workers know.
Thank you for your patience and cooperation!
